CompuSystems

About Us

What We Do

For several decades, our core services have been online and onsite registration and exhibitor lead capture, but we continue to grow. Today, we have a team dedicated to helping our customers with a wide range of event management services including planning, operations, sales, marketing, and attendee engagement.

Our Story

We are a family-owned business that was founded in 1976. We are one of the original two event registration companies in the industry. With limited technology available to us at that time and no established standards for this service, we had to pioneer every facet of the service in order to survive and thrive. It gave rise to a company culture characterized by adaptability, innovation, and continuous improvement. The original owner is still active in the business today and this culture is very much alive.

Testimonials

"I wanted to take a moment to say THANK YOU for all of your work and going above and beyond. It feels really great to know that we are working with people that want what's best for our programs, and want to be a part of that success. Your efforts are noticed and valued!"

~Jessica Dyrek, Product Specialist, Live Learning, Project Management Institute

"I want to thank the CSI team for the excellent job done onsite. Registration was executed flawlessly in the square and at all satellite areas as well. There is no way we could have been this successful without your partnership."

~Daniel Tadesse, PMP, CAE, Member and Customer Services Senior Manager, American Urological Association

"THANK YOU, THANK YOU, THANK YOU...the CSI Team seriously rocks! I can't begin to tell you how much we appreciate all your extra efforts and long hours."

~Karin Davidson, Trade Show Director, Performance Racing Industry

"The continued partnership with CompuSystems (CSI) provided the support and resources needed to allow our team to accomplish the transition from an in-person meeting to a virtual conference. The CSI team was wonderful in the development and execution of EN20X registration process and exceeded expectations across the board."

~Phillip Ridley, Meetings Manager, Emergency Nurses Association

"CompuSystems has been a great partner for us. They are extremely responsive to our customer needs and are always introducing new technologies to improve our attendee experience. They have a terrific staff, especially our Account Manager who makes managing a 22,000 person conference much less stressful."

Joe Pontoski, Senior Director, Finance and Business Administration Division, AACR

"It is a relief to have confidence in a company maintaining such an important area of the show."

Warren Sellers, President, Sellers Expositions

"HIMSS has worked with CSI for several years and appreciates their continued quest to service our needs with cutting-edge solutions while providing outstanding customer service."

~Karen Malone, Vice President of Meetings & Sales, HIMSS

"CSI has allowed us to provide fast registration service to our attendees and exhibitors onsite while also offering a registration website catered to the various attendee profile types we have."

~Lexy Olisko, Director of Conferences, Printing United
